

The Rawls Course

Fun With Golf

Instructional Golf Programs at The Rawls Course

Presented by Gregory Fields, PGA Director of Instruction

May Instructional Programs:

Give Golf a Try -

This is an easy introduction to the game of Golf for the beginner golfer. Get familiar with the rules of golf, golf etiquette, and terminology. This course includes an introduction to the five (5) basic golf shots, technique, and getting ready to play! This course is ideal for anyone who has had an interest in learning to play but was intimidated by the game.

Back to Basics -

This course is designed for the beginner or the intermediate golfer who wants to get "Back to Basics" and make golf 'Fun' again. In this course we will revisit the fundamentals, identify and correct bad habits you may have developed. If you are a business professional or a Tech student who sees the benefit of golf as a business development tool for networking with clients, this may be the perfect course for you.

Game Improvement -

This course is great for the intermediate to more serious golfer interested in fine-tuning their game. Topics include revisiting fundamentals along with advanced green reading, trajectory control, course management and dealing with trouble shots.
